clipper projects announces new office in dubai

Clipper Projects is pleased to announce the opening of its own representation in Dubai, UAE on 1 January 2010.

Clipper Projects is not new to the region. Years of successful presence under the APC partnership allows us to continue and further strengthen our expertise and service of unique transportation solutions to our clients in the Middle East.

With the opening of Clipper Projects' office in Dubai we will continue to bring world-class project cargo services much closer to the Middle East, which is one of our important markets, as well as the Far East and South East Asia. And to customers looking for unique tailor-made solutions.
